**MAP KEY**

# ATLANTIS BUCKET LIST

BRAGGING RIGHTS • MUST DO • CAN'T MISS

**PREDATOR TUNNEL**  
The first of its kind in the Western Hemisphere, our 100-foot clear acrylic tunnel goes right through The Predator Lagoon — home to Caribbean reef sharks, smalltooth sawfish and hammerhead sharks.

**THE ROPE BRIDGE**  
Take a stroll on this iconic walkway, located in the center of The Predator Lagoon. Look for the surrounding red mangroves, which are trees that produce elongated seed pods. **FUN FACT:** The pods are collected, potted and nurtured by our aquarists and used to restore wetland habitats around The Bahamas.

**SMALLTOOTH SAWFISH**  
With the help of the Atlantis Blue Project Foundation, Atlantis is the first facility to have reproductive success of this critically endangered species. Visit their marine habitats in The Royal or The Predator Lagoon to see some of our smalltooth sawfish residents.

**SUN & ICE**  
Bahamian Chef Wayne Moncur's ice cream, gelato and sorbet is made from seasonal fruits, herbs, teas and spices that come from local farms and gardens. **FUN FACT:** Ryan Seacrest's favorite flavor is Mudda Slick.

**JUNKANOO RUSH OUT**  
Head to Marina Village select nights and enjoy the sights, sounds and energy of Junkanoo. This longstanding tradition of The Bahamas fills the village with electrifying energy and is fun for the entire family.

**MCKENZIE'S CONCH STAND**  
Hands down the best conch salad, possibly in the world! Try McKenzie's tropical version with some Sky Juice in Marina Village.

**SIP SIP**  
Sip, Sip, Bahamian slang for "gossip," is located in Marina Village and features "Caribbean" cuisine, with menu items created from fish and fare procured from local fishermen and farmers.

**CYPSELURUS\* FOUNTAIN**  
This 40-foot bronze fountain is the centerpiece of The Royal walkway. It consists of 23 bronze fish, several with 10-foot wing spans and weighs 22,000 pounds. \*Latin for flying fish

**HEART SWING**  
Sculpted by renowned artist Antonius Roberts, the Heart Swing is one of our newer landmarks. It has quickly become one of the most popular and unforgettable interactive art installations on property.

**POSEIDON'S THRONE**  
One of the most Instagrammed spots in the entire resort, located in The Royal, adjacent to the Atlantis Casino.

**PEGASUS FOUNTAIN**  
The iconic entrance to The Royal is graced by Pegasus, a group of seven beautiful bronze horses, created by renowned sculptor Danie de Jager.

**THE DIG**  
Visit The Dig (located at The Royal) to come face to face with over 250 species of fish ranging from zebra sharks and rays to six-foot moray eels and queen angelfish. Embark on a journey through the streets and tunnels of the lost city of Atlantis while you observe venomous lionfish.

**DOLPHIN CAY**  
This 14-acre marine habitat, dedicated to ocean conservation, is home to rescued bottlenose dolphins, sea lions, birds and native Bahamian fish species. The ocean-fed lagoons make this one of the most advanced marine habitats in the world. Dolphin Cay is also the premier marine animal rescue and rehabilitation facility in The Bahamas and surrounding Caribbean.

**LEAP OF FAITH**  
One of the first waterslides in Aquaventure and some may say the scariest, this 60-foot near-vertical drop from the top of The Mayan Temple through the shark-filled waters of The Mayan Temple Lagoon makes even the bravest scream out loud.

**"SECRET" CENOTE (POWER TOWER / THE ABYSS)**  
Cenote, a magical underground pool and cavern, is home to pacu, redtail catfish, cichlids and the endangered alligator gar. Plunge down The Abyss, located at the top of Aquaventure's Power Tower, and splash into this cave and surrounding environment.

**THE RAPIDS RIVER**  
Guests are propelled down a mile-long river on inner tubes through lush, tropical foliage, intense rapids and rolling waves.

**SACRED SPACE**  
This breathtaking sculpture on The Cove peninsula was designed by Bahamian artist Antonius Roberts. The Seven Dancing Women represent the connection of the Bahamian past to the future, the ocean to the land and the 700 islands of The Bahamas to Paradise Island. It is a perfect place to watch a magical sunrise or sunset.
